Project Demo Planning

Date	29 October 2026
Team ID	Individual Project — Ujjawal Rathod
Project Name	Electric Vehicle Market Performance & Insights
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Project goal, three stakeholder scenarios (Emily, David, Dr. Sarah) and their questions	2	Ujjawal Rathod
2	Dataset & Preparation	300,000-row union of train and test files, 37 columns, null and duplicate checks	2	Ujjawal Rathod
3	Dashboard (V1–V9)	Walk through the 9 visualizations and the dashboard filters and click-to-filter actions	4	Ujjawal Rathod
4	FIXED LOD Market Share	Show why Market Share % uses a FIXED expression so the Top 10 filter does not inflate shares	2	Ujjawal Rathod
5	Story & Insights	4-point story: overview plus one point per persona with key insights	3	Ujjawal Rathod
6	Web App & Q&A	Flask app on Vercel with embedded dashboard and story, then questions	3	Ujjawal Rathod

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	State the three scenarios and the questions the dashboard must answer
2	Solution Overview	Data union, 9 visuals, FIXED LOD calculation, 4-point story and Flask/Vercel web app
3	Live Feature Demonstration	Open the Vercel app; apply filters (region, model year, battery type, category); click the map and battery chart; open the story
4	Q&A Session	Be ready to explain the market share calculation, fragmentation (top manufacturer about 0.6%) and range by category vs battery type
